## Notice of DMCA removal from Google Search

To: Webmaster of <https://forum.ragezone.com/>,

Google has been notified, according to the terms of the Digital Millennium Copyright Act (DMCA), that some of the material found on your site allegedly infringes upon the copyrights of others. We're in the process of removing the allegedly unlawful materials from Google Search results.

The notice that we received, with any personally identifying information removed, may be found on the website of Lumen, a third-party aggregator of legal complaint notices, at <https://lumendatabase.org/notices/23832039>.

Please note that it may take several weeks for the notice to be posted on the page above.

### What you can do next:

#### File a Counter Notice

If you feel that your sites or pages were mistakenly removed due to a DMCA request filed against you, Google can reinstate these materials into our search results upon receipt of a [DMCA Counter Notification](#).

#### Speak to a solicitor

If you have legal questions about this notification, you may wish to speak to your own solicitor.
